Dear Customers, Business Partners and Supporters of the CZ brand,

Ceska zbrojovka is one of the main pillars of Colt CZ Group, which is one of the world's leading manufacturers of small arms for hunting, shooting sports, personal defense and the armed forces. The synergy, mutually shared know-how and common values of all companies in the group are a guarantee of their further growth, as well as growth of the group as a whole.

I'm happy to welcome you to our new product catalogue. Like every year, we have some new, interesting products that we're looking forward to share with you.

Sport shooters will be delighted with our new CZ TS 2 ORANGE, which further refines the competition-tested and proven concept of the CZ TS 2. Your shooting skills will be fully utilized with this high performance pistol in hand, leading to improved results that help you reach the top of the podium. At the request of our customers, we have introduced the new CZ 457 VARMINT SYNTHETIC rimfire model, which features a heavy barrel and ergonomically friendly, fiber-reinforced polymer stock with soft-touch coating. The configuration of this model makes it an ideal choice for accurate sport shooting and hunting at medium to longer distances.

The complete portfolio of CZ products can be found within the pages of this catalogue, which consists of centerfire rifles, rimfire rifles, shotguns, pistols, and semi-automatic rifles and carbines, as well as a wide range of accessories. I am confident that you will find a product within our wide range that perfectly fulfills your wants and needs.

Thank you for your support and I wish you luck in choosing your new CZ firearm. And if you're buying your first CZ gun, I'm honored to welcome you to the ever-expanding, worldwide club of CZ customers and supporters!

Jan Zajíc
CEO and Chairman of the Board of Directors

PISTOLS

CZ leads the world with a comprehensive line of advanced pistols that sees continuous innovation and expansion of models. From micro-compacts to full-size models and sport specials, we have an ideal firearm for everyone. Every model in our pistol series are crafted from both traditional and modern, cutting-edge materials with a selection of hammer-fired and striker-fired models. Keeping with the latest trends, selected models come ready for the installation of a suppressor and/or red dot sight.

THE MOST POPULAR FIREARMS FOR COMPETING IN THE **IPSC/USPSA** **PRODUCTION** DIVISION

The CZ SHADOW 2 series is a family of high performance, large-capacity steel pistols for today's dynamic shooting sports disciplines. Models within this series allow good shooters to perform extremely well and the best shooters to win the most prestigious IPSC/USPSA competitions.

Eric Grauffel,
9x IPSC World Champion,
CZ Shooting Team

CZ **SHADOW 2** SERIES

MAIN FEATURES OF THE CZ SHADOW 2 SERIES

Ergonomic, deep-seated grip for improved control during shooting.

Click adjustable elevation and drift adjustable windage rear sight for easy aiming.

Adjustable magazine release button for maximum reloading speeds.

1 mm fiber optic front sight for extreme visibility and increased shooting accuracy.

120 mm cold hammer forged barrel.

Extended left safety button also serves as thumb rest (CZ SHADOW 2 SA and CZ SHADOW 2 ORANGE).

Smooth trigger pull and shortened reset.

CZ SHADOW 2 COMPACT

NEW

The CZ Shadow 2 Compact is a high-performance pistol designed for both personal carry and shooting sports. Features include an exceptionally low and secure optics-ready interface, a fiber optic front sight for extreme visibility and increased shooting accuracy, a height-adjustable rear sight for easy aiming, and a low-profile ambidextrous manual safety. Built for daily use with easy maintenance, it ensures durability and reliability.

9mm Luger | 19

**COMPACT
LIGHT-WEIGHT
PURE
PERFORMANCE**

CZ **SHADOW 2**

The Shadow 2 is a dominant force on the competition circuit. Competitors appreciate its extended beavertail, contoured slide for reduced muzzle flip, and swappable mag release. With a DA/SA, corrosion-resistant nitride coating, thin blue aluminum grips, and precision target sights, it stands as the preferred choice among USPSA Production Division competitors.

9mm Luger | 17

CZ **SHADOW 2 ORANGE**

The Orange edition of the Shadow 2 enhances performance with a barrel bushing for tighter slide-to-barrel fit and a factory-tuned trigger. It features signature grips and mag enhancements, distinguishing it from standard models. The pistol offers a swappable, adjustable mag release and durable nitride finish. Precision target sights offer elevation and windage adjustments.

9mm Luger | 17

CZ 75 B

Introduced in 1975, the CZ 75 stands as the cornerstone model within a diverse family that encompasses compacts, decockers, and competition pistols. The CZ 75 B, a global favorite, has a steel frame, 3-dot sights, and a 16+1 9mm capacity. The 'B' designation denotes the firing pin block safety, earning the reputation of being one of the most imitated handgun designs.

9mm Luger | 16

CZ 75 COMPACT

The CZ 75 Compact features a 4" barrel and a more compact design of the fullsize CZ 75, ensuring discreet concealability. While maintaining the sturdy steel frame, it weighs 2.4 oz less than its full-size brethren. The CZ 75 DA/SA, coupled with a manual safety lever, offers versatile carry options for users seeking ultimate reliability.

9mm Luger | 15

CZ 75 P-01

CZ's inaugural full-size DA/SA handgun, The CZ 75 SP-01 features enhanced manufacturing and ergonomics derived from the NATO-approved CZ 75 Compact P-01. It incorporates an integral accessory rail, rubber grip panels, and a corrosion-resistant poly-coat finish. Tailored for military and law enforcement applications, it delivers outstanding accuracy, diminished recoil, and has gained popularity in the field.

9mm Luger | 15

A NEW GENERATION OF SA SPORT PISTOLS OPTIMIZED FOR THE **IPSC/USPSA** **STANDARD** DIVISION

Since 2005, the TS – TACTICAL SPORTS label has been given to top sporting models based on the legendary CZ 75. The development of the CZ TS 2 series is the result of extensive experience and input from CZ Shooting Team members combined with the utilization of today's most advanced design and manufacturing processes.

*Kahlil Adrian Viray,
IPSC World Champion,
CZ Shooting Team*

CZ TS 2
SERIES

MAIN FEATURES OF THE CZ TS 2 SERIES

Height adjustable metal rear sight (CZ TS 2 DEEP BRONZE, CZ TS 2 RACING GREEN and CZ TS 2 ORANGE).

1 mm red fiber optic front sight for quick and intuitive aiming.

Attractive design of the slide, frame and sport hammer.

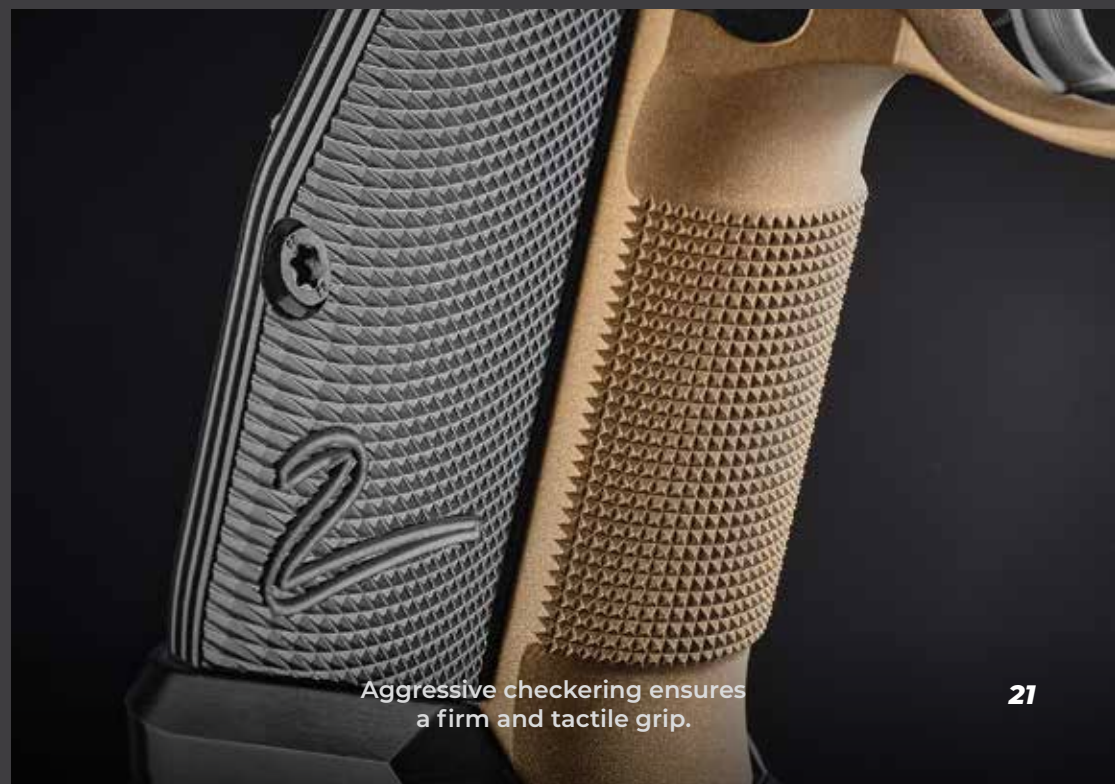

Extended manual safety on left side.

Single-Action (SA) only trigger mechanism with short travel and quick reset.

Improved ergonomics contribute to comfortable handling during firing.

Aggressive checkering ensures a firm and tactile grip.

CZ TS 2

The CZ TS 2 series, developed with elite input, excels in the IPSC Standard and USPSA Limited divisions. Notable features include a bull barrel for accuracy and recoil control, tight tolerances with hand-fitted barrel-to-slide, extra serrations for comfortable cocking, higher ambidextrous safeties, and a modified recoil spring guide for simplified disassembly. This championship-level sport pistol combines precision, durability, and adaptability for top-tier performance in diverse shooting disciplines.

9mm Luger | 20 40 S&W | 17

NEW

CZ TS 2 ORANGE

The CZ TS 2 Orange competition model was developed in accordance with the latest trends in the IPSC Standard division. It features a heavy polished barrel that provides more control and down range accuracy for very quick and repetitive shots. Extra cocking serrations are placed on the top edge of the slide. The barrel-to-slide and slide-to-frame are hand-fitted to achieve the smallest possible tolerances for optimum operation. This model also comes with a thin profile thumb rest with ideal placement, higher positioned ambidextrous manual safeties and an adjustable rear sight. The duralumin grips, adjustable magazine release button, mag well and magazine base plate are made from orange anodized duralumin.

9mm Luger | 20 40 S&W | 17

**A NEW LEVEL
OF ACCURACY
AND SPEED**

RELIABLE STRIKER-FIRED PISTOL SERIES WITH POLYMER FRAME

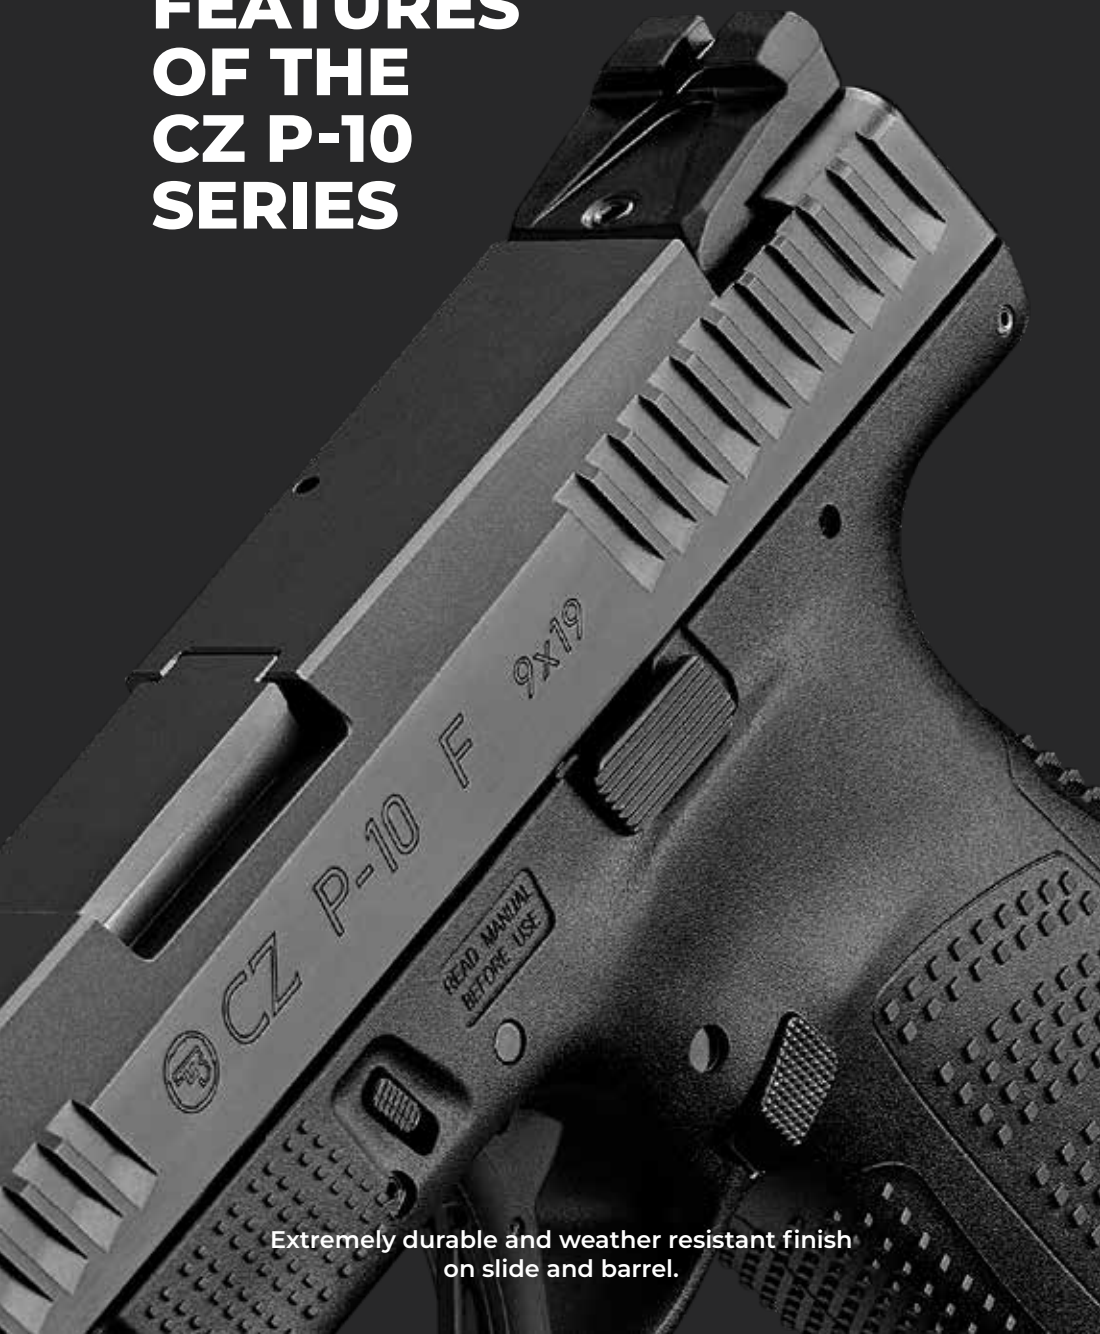

The industry-leading CZ P-10 series is offered in a comprehensive array of sizes, from subcompact (CZ P-10 S), compact (CZ P-10 C) and full-size (CZ P-10 F). Most models are also available for easy installation of a suppressor and/or red dot sight.

All CZ P-10 series pistols feature maximum reliability, high accuracy, a long service life and shooting comfort. The sophisticated grip and checkering were created in accordance with the modern ergonomic DiFEND method, which significantly contributes to extreme user-friendliness. The very first model released in this series, the CZ P-10 C compact, was named "2017 Gun of the Year" by the prestigious *Guns & Ammo Magazine*.

CZ P-10
SERIES

MAIN FEATURES OF THE CZ P-10 SERIES

Extremely durable and weather resistant finish on slide and barrel.

Front and rear cocking serrations for comfortable and safe handling.

Lightweight and durable fiberglass-reinforced polymer frame is mechanically strong and thermally stable.

Flat ambidextrous slide stop (CZ P-10 S, CZ P-10 C and CZ P-10 F models).

Swappable magazine release is right- and left-handed friendly.

Three easily interchangeable backstrap sizes (S, M, L) to modify grip and finger reach.

Ergonomic grip with prominent checkering for superb shooting comfort, stability and safety.

CZ **P-10 F**

The P-10 F sets a new standard in striker-fired pistols with its impressive 19+1 capacity (expandable to 21+1). A longer slide and barrel provides enhanced accuracy and reduced recoil, while a convertible magazine release allows for left-handed operation. The P-10 F reflects CZ's commitment to ergonomic excellence and reliable performance in the striker-fired category.

9mm Luger | 19 / 10

CZ **P-10 F OR**

The CZ P-10 F OR (Optics-Ready) is designed for mounting a red dot sight quickly and easily. The mounting interface is known for its strength and durability. Thanks to its low installation height, shooter can easily aim at all distances. This model also comes with high (co-witness) iron sights in case optics are damaged or fail.

9mm Luger | 19 / 10

CZ **P-10 F OR SR**

In 2023, CZ debuts the full-sized P-10 F OR SR (Optics-Ready Suppressor-Ready) as part of the new P-10 series. This model features a robust finish to protect against damage and environmental factors. Boasting a modified slide for red dot sight attachment and an extended barrel with suppressor mounting threads, it prioritizes reliability, accuracy, durability, and comfort. The P-10 F OR SR offers swift targeting in low-light conditions with luminescent dot iron sights. Enhanced ergonomics include interchangeable backstraps for improved grip and personalized trigger reach.

9mm Luger | 21

CZ **P-10 C**

CZ's take on the striker-fired pistol, the P-10 Compact emphasizes CZ's distinctive feel and shooting experience. Engineered for ergonomic excellence, it showcases a CZ grip angle, interchangeable backstraps, and a refined trigger. Its durability, user-friendly takedown, and swappable magazine release contribute to a comprehensive and reliable package, making it well-suited for those who deeply value durability and reliability in various conditions.

9mm Luger | 15

CZ **P-10 C OR**

The OR (Optics-Ready) model comes with a modified slide for easy attachment of a red dot sight. This solution is characterized by its strong and durable assembly, low mounting height, easy aiming with a red dot sight (even at long distances), and the option to use iron sights in the event of the optics failing.

9mm Luger | 15

CZ **P-10 S**

The P-10 S, part of the sub-compact lineup in the P-10 series, provides a comfortable 12+1 capacity in 9mm for everyday carry. It boasts a crisp trigger, superior ergonomics, and rugged reliability. Notably, the swappable magazine release enhances user experience, eliminating stiffness and ensuring left-hand friendly operation with a quick swap.

9mm Luger | 12

CZ **P-10 S OR**

A subcompact designed for easy mounting of red dot sights with the proper dimensions. High (co-witness) iron sights enable accurate shooting, even in the event of the optics being damaged or failing.

9mm Luger | 12

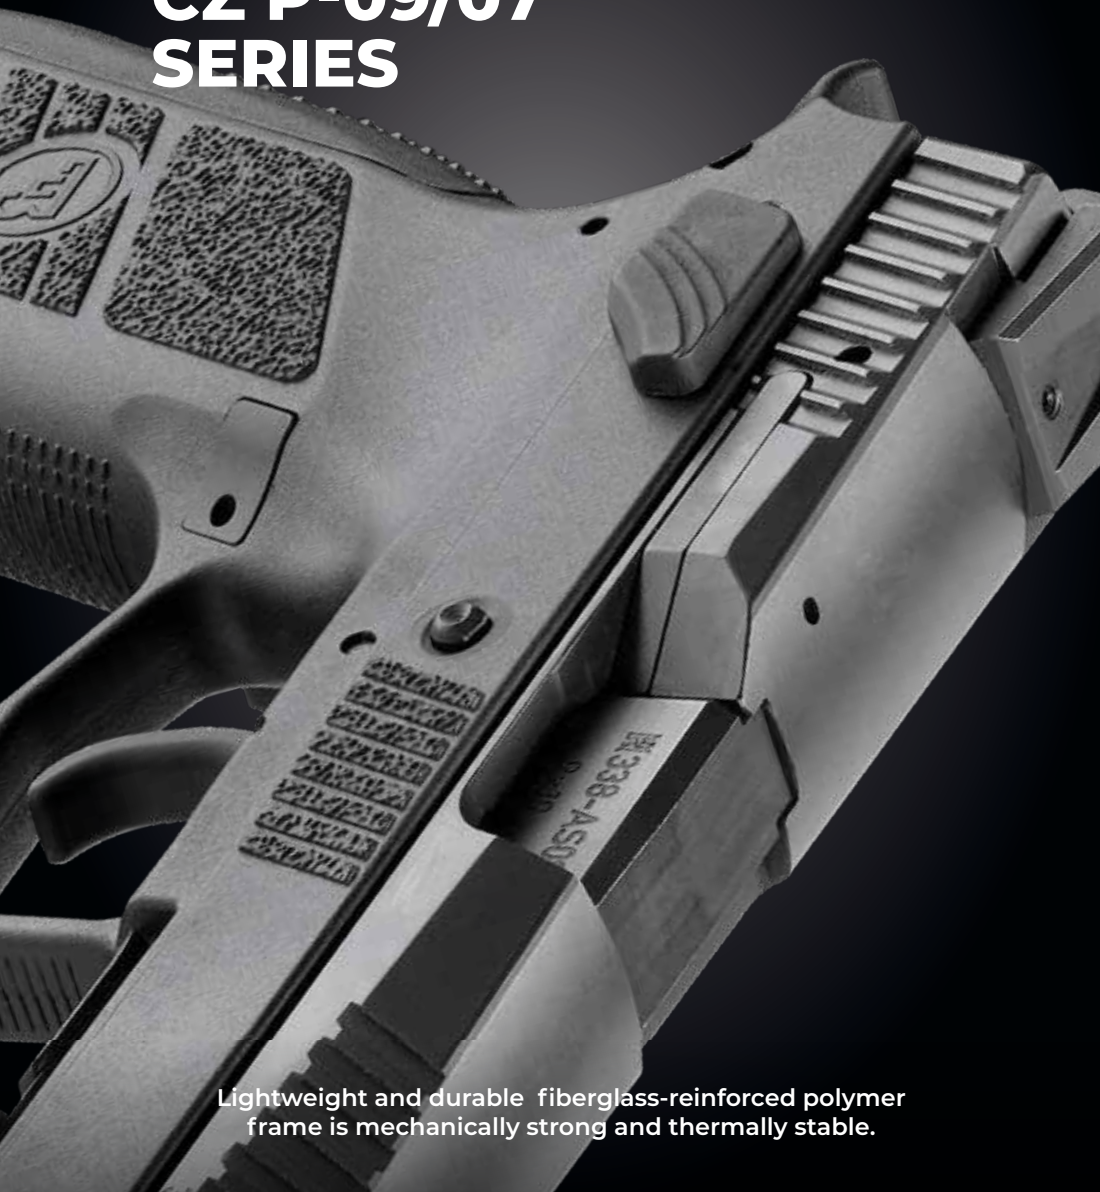

WORLD LEADER IN THE **DA/SA** POLYMER PISTOL CATEGORY

The CZ P-07 (compact) and CZ P-09 (full-size) models boast an impressive reputation around the world. They provide comfortable and efficient operation, accuracy during rapid firing, and reliability in adverse conditions. Their main advantage is the original OMEGA trigger system, which features a smooth trigger pull and low pull weight in both single-action and double action modes. Accessible, ambidextrous controls easily convert from manual safety to decocker and vice versa. All calibers come with high-capacity magazines, which can be further increased with an easily interchangeable magazine base plate.

CZ P-07/09
SERIES

MAIN FEATURES OF THE CZ P-09/07 SERIES

Lightweight and durable fiberglass-reinforced polymer frame is mechanically strong and thermally stable.

Sloping front of the slide for easier holstering.

Front and rear cocking serrations allow for comfortable and safe handling of slide.

Standardized MIL-STD-1913 rail allows for attachment of a flashlight, laser pointer or both.

Easy user conversion from manual safety to decocker and vice versa.

Three easily interchangeable backstrap sizes (S, M, L) to modify grip and finger reach.

Extremely simple and reliable OMEGA trigger system.

CZ **P-09 SR**

Setting a new standard among 9mm service pistols, the full-size polymer CZ P-09 SR has an impressive 19+1 capacity with a flushfitting magazine. Sporting the versatile Omega trigger system, it offers seamless OMEGA from decockers to a manual safety. Customizable grips and adaptability to low-light situations are enhanced by its integrated Picatinny rail.

9mm Luger | 21

CZ **P-07**

Introduced in 2009, the CZ P-07 revolutionized handguns with the convertible OMEGA trigger system. This innovative feature allows easy disassembly/reassembly without gunsmithing tools. Adapting to user preferences, the decocker/safety system offers versatility.

9mm Luger | 15

CZ **P-07 SR**

Another compact model in this popular series that follows the latest trends of having an extended, threaded muzzle for the easy and reliable installation of a suppressor.

9mm Luger | 15

CRAFTED IN MESA,
ARIZONA, THE
CZ CUSTOM SHOP
TAKES **CZ 75**
SERIES OF PISTOLS
TO THE NEXT
LEVEL.

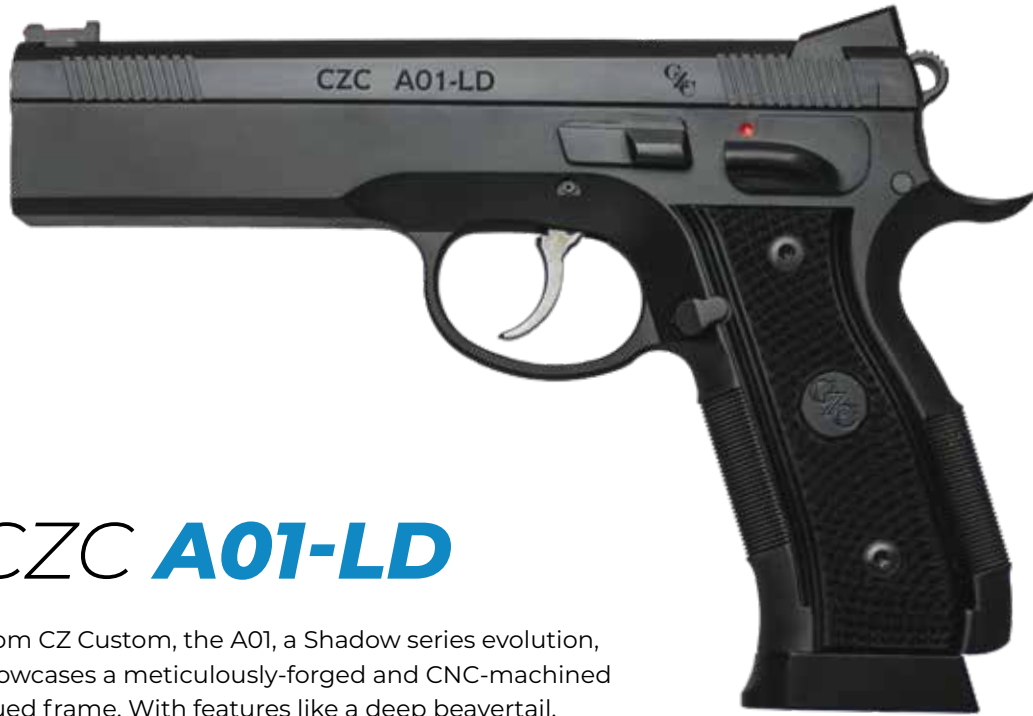

The CZ Custom A01 Series feature innovative designs and tighter tolerances, making them the absolute top tier of metal firearm excellence. The series is known for its heavyweight, checkered hammer-forged frames, 5-inch slide, bull barrels, and custom trigger work by CZ Custom.

CZC **A01-SD**
OPTICS-READY

The A01-SD is a hammer-forged, CNC-machined, and blued-frame pistol with a short dust cover for quick transitions. It features a pinned hammer and sear, a CZ 85 Combat trigger, and a 25 LPI checkered grip with an internal magwell. The slide has serrations, fiber optic sights, and is optics-ready. The match-grade bull barrel measures 4.925 inches and is made of 416 stainless steel. It utilizes P-09 magazines with a 19-round capacity.

9mm Luger | 19

CZC **A01-LD**

From CZ Custom, the A01, a Shadow series evolution, showcases a meticulously-forged and CNC-machined blued frame. With features like a deep beavertail, undercut trigger guard, 25 LPI checkering, and an internal magwell, it blends classic CZ 75 ergonomics with competition-ready design.

CUTTING-EDGE SEMI-AUTOMATIC RIFLES WITH IMPRESSIVE PARAMETERS

The CZ BREN 2 Ms semi-automatic platform is one of the most sophisticated on the global market. Its advantages include a simple design, extreme reliability, superior accuracy, reduced weight and excellent ergonomics, as well as ambidextrous and easy to swap controls.

CZ BREN 2 Ms
SERIES

CZ **BREN 2 Ms**

The Bren 2 Ms Pistol offers various barrel lengths and chamberings. This clean-sheet design boasts a lighter construction with an aluminum receiver and a carbon fiber reinforced polymer lower. Key features include a non-reciprocating charging handle and ambidextrous controls, providing versatility with swappable barrel lengths and chamberings. This firearm is designed for those who prioritize adaptability and precision.

7.62x39mm | 30

CZ **BREN 2 Ms CARBINE**

The Bren 2 Carbine features a compact design complemented by a folding, adjustable stock, thanks to its short-stroke gas piston system and internal return spring. It features an aluminum upper and carbon-fiber composite lower, a modular forend, a non-reciprocating charging handle, and ambidextrous controls. With a folded length of just 28 inches, this lightweight and versatile firearm is perfect for convenient transport.

CENTERFIRE RIFLES

CZ rifles for hunting and sport are traditionally among the best long guns available on the world market. As with all our products, the CZ brand is synonymous with ingenious design, reliability, accuracy and first-rate quality at an affordable price. The unique, highly modular design of the CZ 600 series comes with a number of patented features that improve all key characteristics – from reliability and durability to ergonomics and shooting comfort to safety and accuracy.

THE **CZ 600** SERIES FEATURES A PATENT PROTECTED BOLT DESIGN THAT ENSURES 100% USER-CONTROLLED FEED IN ALL SHOOTING POSITIONS, AND EVEN UNDER THE MOST AUSTERE CONDITIONS

Other benefits include a patented, ergonomically designed vertical safety with completely silent operation, an exceptional magazine that users can select to function as detachable or locked, vertical cross bolt safety, an extremely durable finish, and easy disassembly that requires no manipulation of the trigger. Models for hunting, sport and hobby are available in a wide range of popular calibers.

**MAIN
FEATURES
OF THE
CZ 600
SERIES**

CONTROLLED FEEDING WITH SHORT EJECTOR

The CZ 600 series combines the best qualities of controlled feed and push feed systems. This simple and reliable patented design delivers 100% user- controlled feed in all shooting positions, and even under the most demanding conditions.

VERTICAL CROSS BOLT SAFETY
A patented, easy-to-access vertical safety at the top of the grip is released by pressing down and allows for completely silent operation.

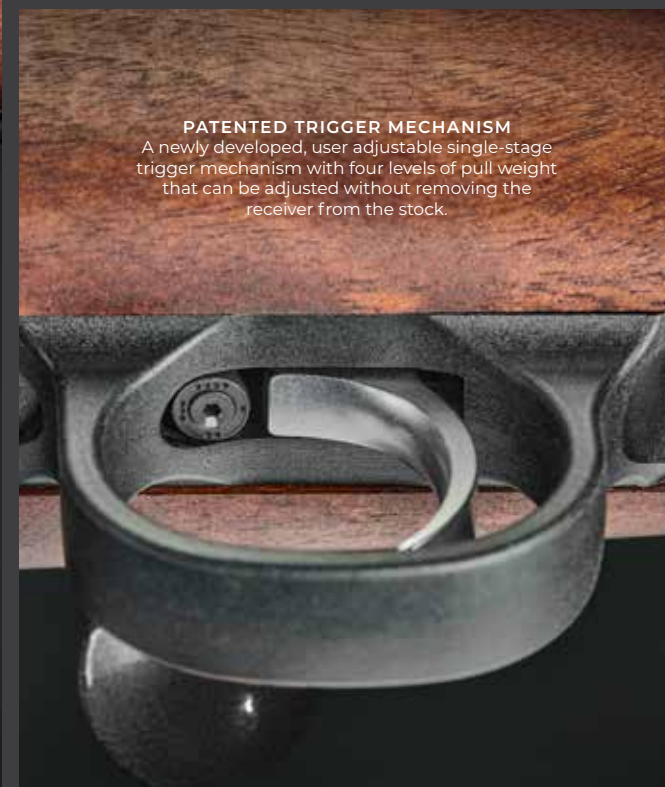

LOCKABLE MAGAZINE
A detachable, double-stack magazine with a "push n' click" loading operation contributes to an exceptionally smooth and reliable feeding of rounds. The magazine is easily locked by sliding the magazine release forward. When the magazine lock is activated, the firearm changes to a fixed magazine configuration.

SAFE DISASSEMBLY
A spring-loaded button on the right side of the receiver allows for easy removal of the bolt without manipulating the trigger.

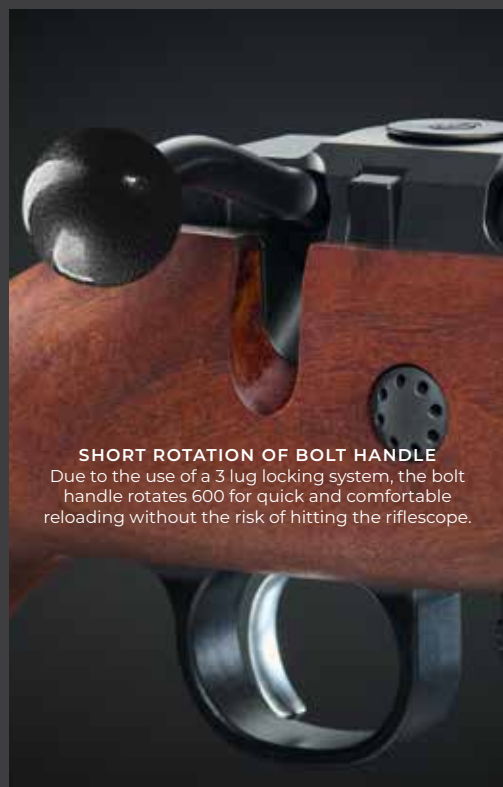

EXTREMELY DURABLE FINISH
The surface of metal components in the CZ 600 series comes with CZ's new BobOx chemical heat treatment, which gives it a hard, durable finish that resists corrosion.

PATENTED TRIGGER MECHANISM
A newly developed, user adjustable single-stage trigger mechanism with four levels of pull weight that can be adjusted without removing the receiver from the stock.

EXTREME ACCURACY
The ALPHA, LUX and ERGO models are guaranteed to shoot sub-MOA at 100 m for 3 shot groups, and the RANGE model shoots sub-0.75 MOA for 5 shot groups. The compact TRAIL version is guaranteed to shoot 2 MOA. All models are tested using match-grade factory ammunition.

SHORT ROTATION OF BOLT HANDLE
Due to the use of a 3 lug locking system, the bolt handle rotates 600 for quick and comfortable reloading without the risk of hitting the riflescope.

SUPERIOR QUALITY BARREL
High-precision barrels with caliber-optimized lengths are cold hammer forged using CZ technology. The barrel features a threaded muzzle for mounting accessories.

STANDARDIZED MOUNTING INTERFACE
CZ 600 series receivers are equipped with an integrated Weaver rail (aluminum) or Remington 700 type mounting interface (steel).

HIGHLY DURABLE RECEIVER
All CZ 600 series receivers are manufactured from durable aluminum or steel and come with a guaranteed service life of 20,000 rounds.

CZ 600 **NEW**
AMERICAN

The 600 American comes with advanced features like the control round feed with short extractor bolt system, a single-stage trigger with four adjustable weight settings, a lockable detachable magazine, and a drilled and tapped receiver (Rem 700 Mounting System). Paired with the precision of the CZ 600 barreled action and a classic American walnut stock, it offers accuracy, user-friendly design, and a touch of traditional elegance.

RIMFIRE RIFLES

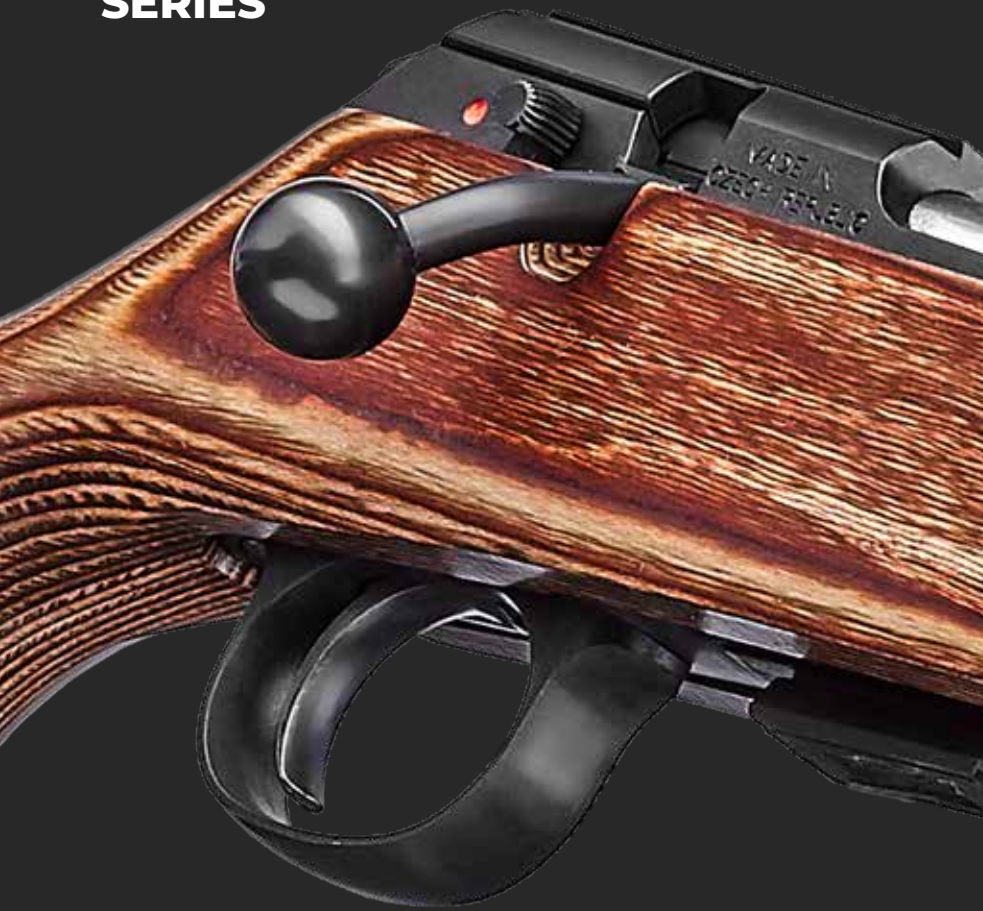

Rimfire rifles provide a gateway to the fascinating world of guns and shooting as well as an effective hunting tool and target shooter. For more than 70 years, millions of satisfied customers and fans around the world have considered it a global standard in this segment. CZ is proud of this legacy and to continue to offer its current range the CZ 457 bolt-action rifle series, which brings many outstanding features to the table.

CZ 457 SERIES A NEW GENERATION OF MODERN RIMFIRE RIFLES

The CZ 457 series offers exceptional performance due to their fast and reliable operation. For maximum safety, they come with a push-to-fire safety on the right side of the receiver, striker status indicator and a separate bolt extractor control. Shooting accuracy is ensured with its adjustable trigger mechanism that features hammer forged barrel, low trigger pull weight and excellent travel, combined with a noticeably lighter striker and a new type of bedding. Other benefits include an extremely durable anti-corrosion finish on metal parts, easy change of caliber by users and reliable polymer magazines that are compatible with the previous generation of CZ rimfire rifles.

MAIN
FEATURES
OF THE
CZ 457
SERIES

Adjustable trigger mechanism for setting pull weight and trigger travel.

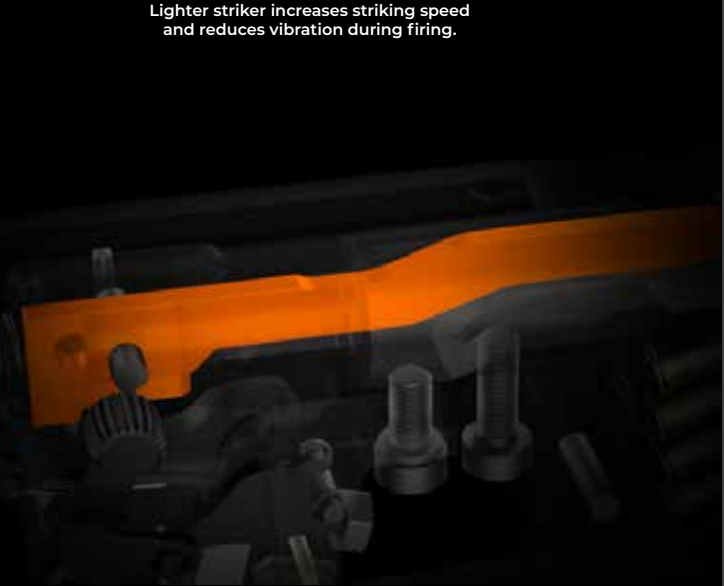

Cocked striker indicator.

Top quality cold hammer forged barrels and easy replacement of barrel with an option to change the caliber.

New ergonomic stocks.

Lighter striker increases striking speed and reduces vibration during firing.

New type of bedding constantly tightens screws in stock for high accuracy and extreme barrel stability.

Open and remove bolt even with safety engaged.

Intuitive push-to-fire safety.

Push button bolt removal.

60 degree bolt throw handle for quick and convenient reloading, even with a mounted riflescope.

Match chamber (selected 22 LR caliber models).

CZ **457 SYNTHETIC**

The CZ 457 Synthetic is designed to perform flawlessly in adverse weather conditions. All metal components come with a high quality, anti-corrosion finish. Its ergonomically friendly, and extremely strong, polymer stock comes with a soft-touch finish and is resistant to moisture, cold and heat.

17 HMR | 5 22 LR | 5 22 WMR | 5

CZ 457 VARMINT SERIES A NEW GENERATION OF MODERN RIMFIRE RIFLES

The 457 Varmint Series, a standard heavy-barreled variant of the 457, boasts a .866" cylindrical barrel for optimal harmonics and versatile performance with various rimfire loads, ensuring accuracy in target shooting or game hunting. They feature a push-to-fire safety and a reduced action length by almost an inch, slab sides for a more compact and lightweight design. The bolt rotation decreased from 90° to 60°, accommodating larger ocular bell diameters with lower ring heights. Notably, the trigger is now adjustable for weight, creep, and over-travel. Retaining the swappable barrel system and reliable polymer magazine from the 455, the 457 stands out as the most advanced rimfire platform ever offered by CZ.

CZ 457 VARMINT

The 457 Varmint features a robust .866" cylindrical barrel, Turkish walnut stock with an American-style comb, and laser-cut stippling for grip.

17 HMR | 5 22 LR | 5 22 WMR | 5

CZ 457 MTR

A highly precise model with a special stock made from premium walnut. The heavy, cold hammer forged match-grade barrel in 22 LR caliber is equipped with a MATCH chamber. Thanks to this feature and all other improvements in the CZ 457 series this model is capable of better than 1 MOA accuracy.

22 LR | 5

CZ 457 VARMINT LH

Our highly anticipated left-handed version of the renowned 457 Varmint rifle is now available, meeting the persistent demand from our customers. Retaining all the high-quality components and attributes of the standard 457 Varmint, this left-hand model includes a heavy barrel ensuring excellent harmonics and exceptional performance with various rimfire loads for accurate shooting. The Turkish walnut stock features an American-style comb for scope use, a broad forend suitable for sandbag support, and laser-cut stippling for enhanced grip.

22 LR | 5

**CZ 457 AMERICAN
SERIES PROVIDES
SPORTING
EXCELLENCE
THROUGH REFINED
CRAFTSMANSHIP**

The sleek 457 is a classic American-style rimfire rifle with a 24.8" barrel which is ideal for target and hunting applications. Its Turkish walnut stock features a high, flat comb and classic checkering, while the 11mm dovetail on the receiver provide an excellent platform for optics. The switch from a 90° to a 60° bolt rotation aids scope fitting, accommodating larger ocular bell diameters with lower ring heights. Shooter and hunters alike will appreciate its sleek and lightweight design. The action length has been shortened by nearly an inch and the 457 replaced the 455's stamped bottom metal with a two-piece interlocking system for a refined appearance. The 457 American series features an adjustable trigger for weight, creep, and over-travel, swappable barrel system and reliable polymer magazine.

CZ 457 AMERICAN

The 457 American embodies the timeless American rimfire rifle style, boasting a 24.8" barrel for precision shooting with optics. Crafted with a Turkish walnut stock featuring a flat comb and classic checkering, its receiver is equipped with an 11mm dovetail for seamless scope ring attachment, consistent across all 457 models.

This model is also available
as a left-handed version.

NEW

**CZ 457 AMERICAN
STAINLESS SYNTHETIC** **NEW**

457 American features a rugged synthetic stock and provides durability with nitride finished receiver, stainless steel barrel and optimal features for suppressor use. With 1/2×28 threads, precise chamber tolerances, and cutting-edge design elements, it ensures lasting performance and adaptability for future generations.

22 LR | 5

CZ **457 CHASSIS** **NEW**

The 457 Chassis, tailored for rimfire competition, boasts an upgraded chassis for cost-effective training. With a 5+1 magazine capacity and a detachable magazine, it offers versatility in handling. The MDT ACC Premier Chassis allows for two-position, push-to-fire safety, ensuring a secure shooting experience. This exclusive rifle, limited to 500 units for 2024, features a 24-inch barrel for optimal balance during practice sessions.

22 LR | 10

CZ **457 MANNERS** **NEW**

The 457 Manners MTR boasts a Manners Composite adjustable stock paired with a high-performing 16.2" barrel, offering a cost-effective solution for rimfire competition training with 22 LR ammunition. The stock's advanced construction, incorporating layers of carbon fiber and fiberglass, achieves an optimal resin-to-fabric ratio, ensuring superior performance. Alongside our most accurate 22 LR chamber, this rifle guarantees unparalleled precision and reliability with every shot.

22 LR | 5

CZ 457 LUX

The 457 Lux rifle features a European-style Turkish walnut hogback stock. It has a precision-designed cheekpiece and comb for iron sights. Its 24.8-inch cold hammer-forged barrel ensures accuracy, while the 11mm dovetail accommodates optics. Additionally, the rifle comes with one 5-round magazine, providing both elegance and functionality. Explore further customization with the option of a second barrel set.

17 HMR | 5 22 LR | 5 22 WMR | 5

CZ 457 SCOUT

The 457 Scout boasts a compact 12" length of pull and facilitates an easy grasp for beginners. Equipped with a straightforward leaf rear sight and blade front – with rear adjustability for windage and front for elevation – mastering the fundamentals of sight picture has never been more accessible. Additionally, the 11mm dovetails on the receiver streamline the process of adding a scope, ensuring a seamless experience for those new to shooting.

22 LR | 5

CZ 457 ROYAL

The 457 Royal rifle showcases a premium walnut stock featuring a decorative forend tip designed for scoped shooting. It presents a high, flat American-style comb and omits traditional sights. The 16.5" barrel is threaded to the European standard of 1/2x20, adding to its appealing aesthetics.

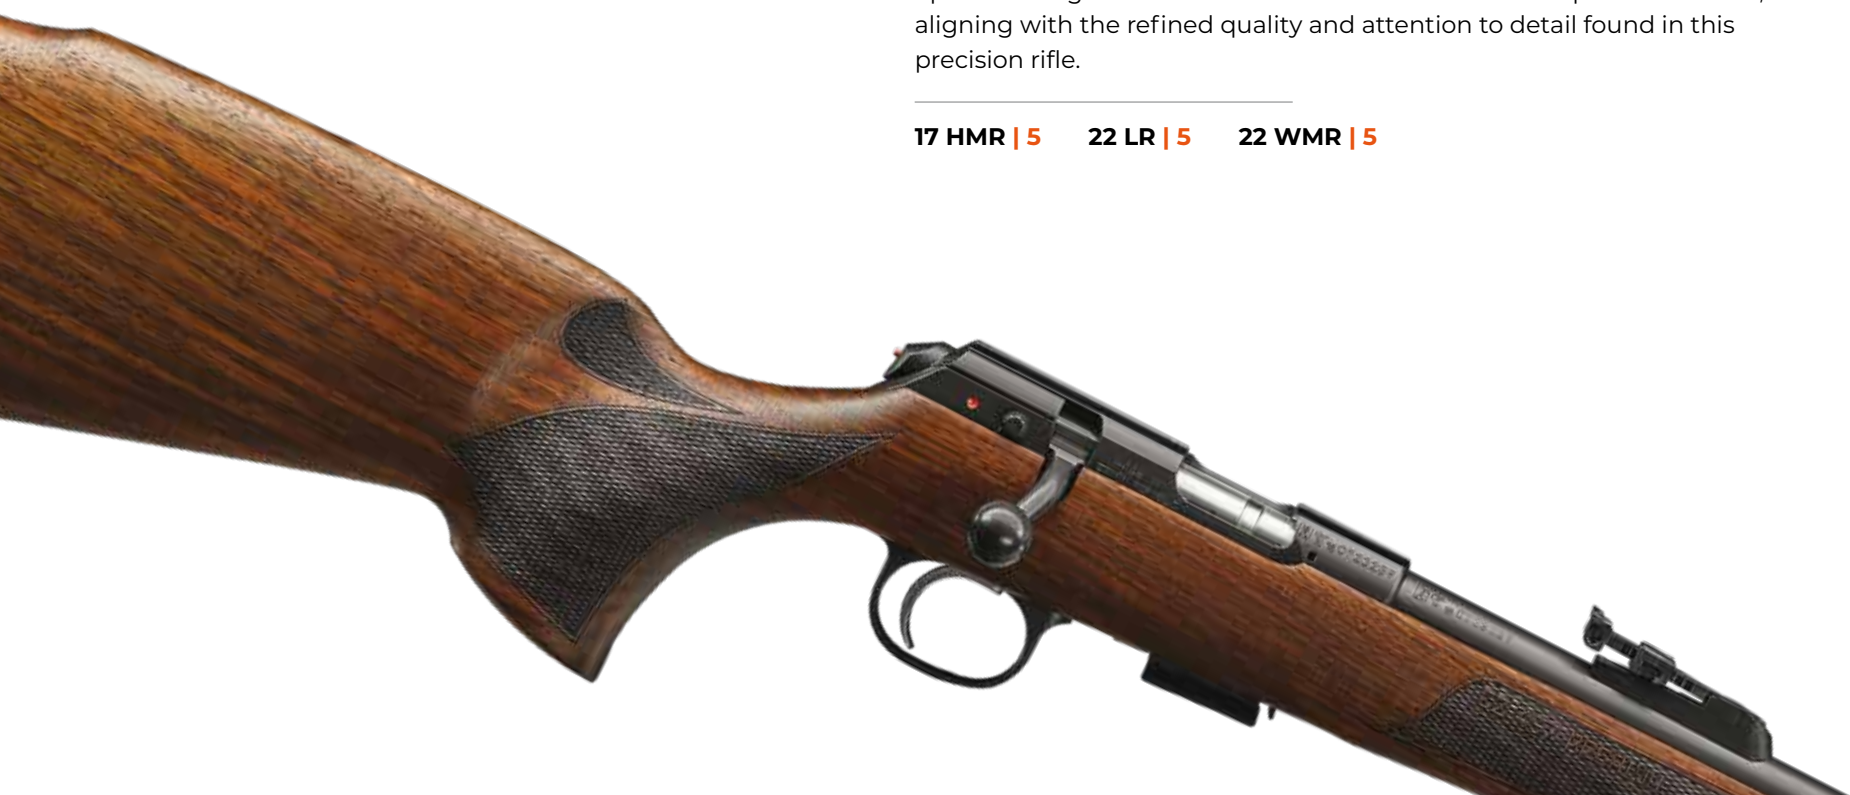

22 LR | 5

CZ 457 PREMIUM

The 457 Premium offers a contemporary European design, featuring a Turkish walnut stock with a decorative forend tip, subtle Monte Carlo, and cheekpiece. Its 24.8" barrel is equipped with iron sights, a tangent rear sight, and a fiber optic front sight. The threaded muzzle adheres to European standards, aligning with the refined quality and attention to detail found in this precision rifle.

17 HMR | 5 22 LR | 5 22 WMR | 5

CZ 457 JAGUAR

The 457 Jaguar rifle, chambered in .22 LR, offers a 10-round capacity with an 11mm Dovetail for optics. Its 28.6" cold hammer-forged barrel provides precision, while the beechwood stock, featuring a Jaguar motif for grip, ensures a stylish and reliable shooting experience.

SHOTGUNS **CZ-USA FIELD SPORTS**

Borrowing from the most popular firearms in the CZ-USA portfolio, this diverse range of shotguns exhibits excellent construction quality, reliability and user-friendliness. CZ-USA offers a wide variety of shotguns from reliable semi-autos and pumps to over/unders and side x sides. There's something for everyone on the following pages.

CZ 712 G3

The CZ 712 G3 proves its versatility by effortlessly handling both light and heavy loads. Whether you're navigating the clay target course or venturing into the field, this shotgun excels in any scenario. The gas-operated mechanism not only softens recoil but also cycles 2 ¾- and 3-inch shotshells, ensuring optimal performance in every shot.

12/76 | 2

CZ 720 G3

The 720 G3 effortlessly handles clays and game birds, outperforming similar autoloaders that are twice its cost. With a classic look and high-performance features, including a soft gas-operated system, two quick-change pistons for light or heavy loads, an 8mm ventilated rib, the option for a magazine tube extension, and 5 CZ Active Extended Chokes (F, IM, M, IC, C), it's a versatile choice for both light targets and heavy game loads.

12/76 | 2

CZ 1012 G2 SERIES EXEMPLIFY PERFORMANCE THROUGH INNOVATION

The 1012 employs a gas-less inertia operating system. Unlike gas-operated guns, it uses a spring within the bolt to store recoil energy, rotating and unlocking twin lugs to eject spent shells. Notably, the inertia system requires less maintenance, with testing showing reliability even after 5,000 rounds without cleaning or oiling. In regular use, occasional cleaning and oiling suffice. Moreover, the gas-less system is tuned for versatility, accommodating a range of shells from light-target loads to powerful 3" magnums.

CZ 1012 G2 SYNTHETIC

Designed for use in less than ideal environments, the 1012 Synthetic is built with the same exceptionally reliable inertia semi-auto system that set a clay shooting World Record in 2019, this auto-loader is crafted to endure tough conditions. Whether on a duck boat or enduring a grueling 12-hour torture test, the 1012 is meticulously designed to handle a diverse range of ammunition with minimal maintenance requirements.

12/76 | 4

KEY FEATURES

- Inertia Operating Bolt System
- Reversible Cross-Bolt Safety For Right Or Left Handed Shooters
- Drilled & Tapped Receivers (Only on turkey models)
- Bead Front Sight
- Accommodates The Addition Of A Magazine Tube Extension
- Oversized Controls for Use in Adverse Conditions
- Comes With 5 CZ Active Extended Chokes (F, IM, M, IC, C)
- Rubber Butt Pad
- Packed In A Lockable Hard Gun Case
- Weight - 6.5 lbs

CZ 1012 G2

The 1012 G2 semi-auto shotgun features an advanced inertia-operated bolt system for optimal performance. In a recent enhancement, the G2 now allows users to add a magazine extension tube to the shotgun, offering increased capacity and versatility. Designed for versatility, it includes a reversible cross-bolt safety for both right and left-handed shooters. With a bead front sight for precision and 5 CZ active extended chokes (F, IM, M, IC, C) included, this shotgun combines cutting-edge features and adaptability at an affordable price point. Elevate your shooting experience with the enhanced versatility of the 1012 G2.

12/76 | 2

CZ **BOBWHITE G2**

The improved Bobwhite G2 is a double-trigger gun with an English-style grip. Featuring a single-piece CNCed receiver, upgraded internals, and a robust finish, all at an unbeatable price. It sets a new standard for durability and performance.

12/76 | 2

CZ **HAMMER**

The CZ Hammer Series features elegant walnut stocks, intricate engraving, and box-lock actions, serving its purpose in functionality. Paying homage to the traditional hammer gun style, these shotguns offer an authentic shooting experience with modern craftsmanship. Designed for durability and reliability, they are perfect for daily use in any weather.

12/76 | 2

CZ **SHARP-TAIL**

The Sharp-Tail stands out among side-by-sides with its stylish single selectable trigger and pistol grip. The updated CNCed receiver features floating firing pins, coil spring-operated hammers, and redesigned sears for increased longevity and consistency. It also has a color case-hardened receiver.

12/76 | 2

CZ **DRAKE**

The Drake is built on a one-piece CNCed receiver and features a single selectable trigger, allowing shooters to choose between firing the top or bottom barrel first. It has a simple extractor for spent shells and sheds some weight with a mid-rib delete.

12/76 | 2

CZ **QUAIL**

The Quail, available in 20-gauge with 28" barrels, stands out with its 13 3/4 length of pull, offering enhanced comfort for youth shooters and hunters. The removal of the mid-rib reduces weight at the muzzle end, making it easy to shoulder and swing. This particular gun has a single extractor that lifts spent shells from the chambers, and it comes with five interchangeable choke tubes.

12/76 | 2

CZ **WINGSHOOTER ELITE**

The Wingshooter Elite is an elegant shotgun with faux side plates, intricate engravings, laser-cut checkering, and a two-tone finish. A standout choice for ardent shooters, it sports premium features like a CNCed receiver, single trigger, solid mid-ribs, ejectors, pistol-grip stock, and white bead sight.

12/76 | 2

CZ REAPER MAGNUM

The Reaper Magnum shotgun is an excellent choice for ardent waterfowl and turkey hunters. It features a Picatinny rail for optics, five external chokes, and is chambers in 12-gauge. With a simple barrel selector switch, hunters can easily switch between short-range and long-range constriction, providing versatility for different hunting situations.

12/76 | 2

CZ SWAMP MAGNUM

The Swamp Magnum over/under has an automatic safety for added security in the duck blind. With a resilient polymer stock, it outperforms wood in waterfowling's tough conditions. This 3 1/2" chambered 12 gauge, featuring 30" barrels, excels at bringing down big birds.

12/76 | 2

CZ 612 FIELD

The CZ 612 series presents adaptable and trustworthy pump-action shotguns crafted for hunting and sport shooting. Renowned for their robust build and consistent performance, they offer diverse configurations catering to varied shooter preferences and requirements.

12/76 | 4

CZ 620/628 FIELD SELECT

Introducing the 620 Field Select 20-gauge shotgun—a stylish and portable choice for bird hunting. With a Turkish Walnut stock, glossy blue finish, and gauge-specific 7075 aluminum action, it weighs just 5.4 lbs. Features include interchangeable chokes, a full forend, and a pistol grip for optimal performance. Crafted for both style and functionality, it's the ideal companion for enthusiasts who value precision in bird hunting with 2 3/4" shells also available in 28ga as the 628.

12/76 | 4

A simple 12-gauge pump action shotgun with a durable polymer stock and reduced length, 18.5" barrel with fixed cylinder choke. The result is a compact, reliable and powerful firearm especially suited for home defense, while also being a great choice for competing in IPSC/USPSC disciplines.

12/76 | 4

**CZ ALL-TERRAIN
SERIES BUILT
TO EXCEL IN
ANY CONDITION**

The All-Terrain series includes a couple key features that set it apart from the rest of our shotguns. All come clad in OD Green Cerakote sporting hardy Turkish Walnut Furniture, factory installed sling studs and break action models include magnetic chambers-allowing you to open the gun and not have the shells fall out, perfect for the duck blind or upland field.

CZ **REDHEAD PREMIER**

CZ **1012 G2**

CZ **DRAKE**

CZ **UPLAND
ULTRALIGHT**

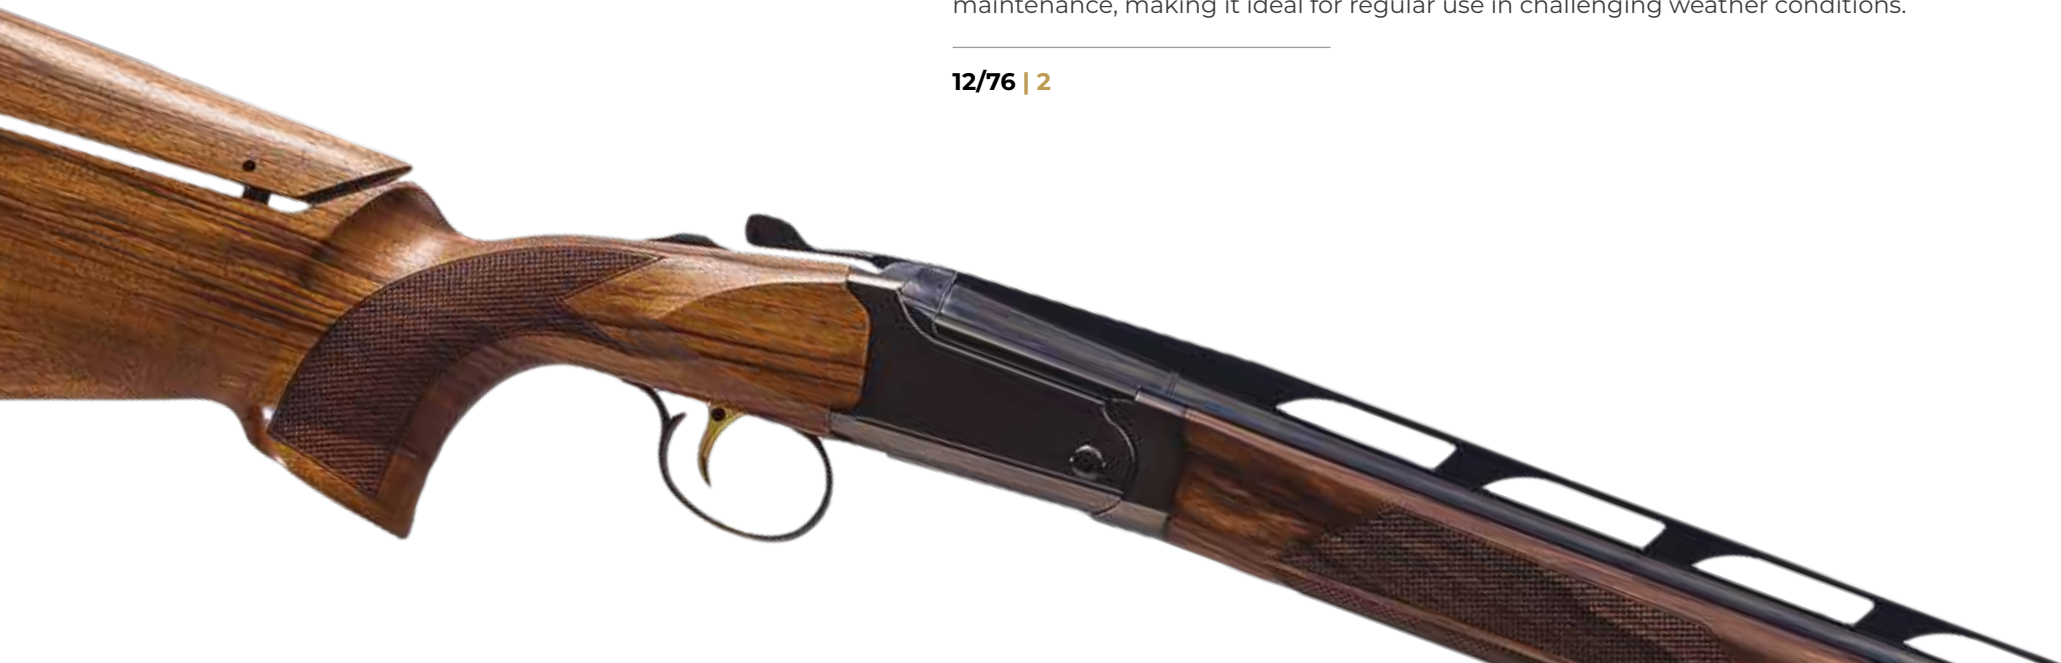

CZ **ALL-AMERICAN**

The CZ All-American Family Series offers meticulously crafted shotguns for competitive clay target shooters. With top-tier craftsmanship and materials, these shotguns provide versatile options, including adjustable comb stocks and ported barrels for personalized preferences. Emphasizing durability and precision, the series is designed for ease of maintenance, making it ideal for regular use in challenging weather conditions.

12/76 | 2

CZ **REDHEAD PREMIER TARGET**

The Redhead Premier Target is assembled like the standard Redhead Premier but with a different purpose in mind — it's designed to crush clay targets, plain and simple! It comes fitted with a special Monte Carlo stock that keeps the gun on your shoulder while keeping your head up to see the clays. Add to that a healthy right-hand palm swell, 30" barrels and a stepped rib designed for rising trap targets — it's the perfect choice for those wanting to own a true target gun at an affordable price. Shipped with a set of black extended and knurled choke tubes, the Redhead Target has laser-cut checkering and a 1-piece CNCed receiver. This target gun can be had in a 12 gauge.

12/76 | 2

CZ **612 TARGET**

One classy pump gun, the 612 Target is fitted with Select grade wood in a glossy oil finish while the metalwork gets a deep polished blue. With a factory-tuned trigger system, raised rib and comfortable Monte Carlo stock, it's ready to kill some clays. An assortment of stock shims help users adjust drop and cast to achieve a better fit, while a set of three extended chokes and a pair of white beads round out the package.

CZ CONFIGURATOR

Build the weapon of your dreams

Since 2019, CZ has offered its customers an unrivalled opportunity to build a firearm in exact accordance with their wants and needs via an interactive website. You can choose the color of the frame and slide, type of sights (including a red dot sight), size and color of the controls, magazine capacity and much more. After placing a binding order, the configured weapon is assembled and ready for final sale, which takes place in accordance with legal regulations.

The CZ Configurator is now serving CZ customers in seven countries – the Czech Republic, Slovakia, Austria, France, Germany, Poland, and the United States.

If the CZ Configurator is not yet in your country, contact your local CZ Dealer to express interest in gaining access to this unique online service.

In the meantime, you can fully try out the English version of the CZ Configurator.
